"Aubrey is so lucky to benefit from your contagious energy and endless dedication. It's easy to see why you find and keep the best teachers and families with you year, after year. Every day we see how your innovative programs help build Aubrey's mind and her social, physical and emotional well-being! (not to mention the wonderful friends she's known since she was 3 months old) Thanks for playing such an important role in Aubrey's life these past 4 years!"

About Mrs. Becky . . .

As the Owner/Director of Rebecca's Learning Center, I have had the honor and privilege of providing a nurturing "home away from home" for the precious children of our community since 1994.

With over 17 years of experience in early child development, and a Mother of 3, I am committed to providing caring and innovative approaches that help children grow and learn at their own pace.

I am proud to have been nominated 3 times for the Governor's Care Award, by the parents of children who've been with me from Infant through Pre-K Enrichment programs.
